DOCUMENTS/MATERIALS**

**Submission Deadline: March 6, 2014 @ 11:00 AM (Eastern Time)**

**This question is to clarify scope of Web design work contemplated by this RFP.**

**In the opening paragraph the RFP states “...to graphically design the program standards and workforce knowledge and competencies documents and supplemental materials, including a state early learning website.”**

**Later on, in the Project Schedule/Deliverables section, it states the Web deliverable as: “to incorporate new design themes into a new Rhode Island Early Care and Education website so as to align with standards documents.”**

**Please clarify the scope of Web design work. Is it to design the entire state early learning Website, or to design the content sections of that early learning Web site that pertain only to the documents and supplemental materials identified in the Project Schedule/Deliverables task list and in the Scope of Work/Tasks section of the RFP?**

**Answer: The scope of the web design work is to design the entire Rhode Island Early Care and Education website. This will align with design themes developed for the standards documents.**
